

# Patient Portal

Nextgen Healthcare

Fast, reliable  
communication

The Orthopaedic Institute is proud to offer you access to our Patient Portal, a secure and easy-to-use, Internet-based portal which simplifies communication with your physician and staff.

## HOW IT WORKS:

If you have given us your email address, you have been automatically enrolled in our Nextgen Patient Portal. You will receive an email from us with login instructions on how to set up your account. Once you are logged in, please send a communication message to your providers staff to ensure your account is activated.

If you did not receive an email, please follow the instructions below under Portal Login HELP.

### Portal Login HELP:

If you did not receive the original auto-enrollment email or have deleted your email, please follow the steps below to access your Portal: **You do not need a security token.**

- Go to: [www.nextmd.com](http://www.nextmd.com)
- Under Already a Member: Click on- "Need help with your username and password"
- Select "I do not remember any of my login credentials"
- Click Submit
- Enter the requested information so we can locate our account
- Click Submit
- You will now set up your secured account. Keep in mind that it is case sensitive
- Please keep a copy of your username & password in a secure location

Thank you for logging into to the Patient Portal. Please send your provider a message to start communicating today!
